MEMORANDUM

TO: Power Committee

FROM: Ben Kujala

SUBJECT: Revisit Final Scenario List for the 2021 Power Plan

BACKGROUND:

Presenter: Ben Kujala

Summary: At the last Power Committee in Butte, Montana, I presented for the power team our recommendation on scenarios to explore in the 2021 Power Plan. The recommendation was covered in a presentation (https://www.nwcouncil.org/sites/default/files/2019_0716_p1.pdf) giving a high-level description of the scenarios we recommend including in the plan. Subsequently, we sent documentation on the scenarios recommended (<https://nwcouncil.box.com/s/xyx1cglm5wzm02akv78z7l8q1hpaeib>) and the scenarios that were considered but not included in our recommendation (<https://nwcouncil.box.com/s/e85cgdiidiw1x1139768trkmjfgc7yqv>).

This time is set aside to get feedback from the Power Committee on scenarios. This will not be the last chance for feedback but will help us prioritize and align upcoming work as we start the analytical process for the plan.

Relevance: Scenarios help in formulating the resource strategy for the Power Plan.

Workplan: A. Develop the 2021 Power Plan
