Issues with Uncertain Path to Resolution

- **Where to “start” the Ledger - is the amount of mitigation remaining as of 2000 uniformly understood and agreed to?**
- **Credit for gains from construction and inundation impacts**
- **Resolving over- and under mitigation – and the potential for over-counting HUs**

Issues with Unclear Path to Resolution

- **To annualize or not to annualize**
- **Incorporation of baseline or “protection” credits**
- **Credit for pre-Act mitigation**
- **Basic mitigation rule (e.g.: 1:1 or 2:1). What basic metric(s) will apply to remaining mitigation crediting?**
